

MEET HERE

AT VIZCAYA

A GLORIOUS PLACE FOR YOUR NEXT MEETING OR CORPORATE EVENT

Built in 1916 as the private home of agricultural industrialist James Deering, Vizcaya Museum and Gardens is a serene and stunningly beautiful retreat in the heart of Miami.

The most sought-after venue for corporate events and meetings in South Florida, Vizcaya features an enchanting Main House overlooking Biscayne Bay and 10 acres of secluded formal gardens.

Vizcaya's unique blend of grandeur and intimacy will set the perfect tone for your corporate event.

VENUE FOR LARGE, SMALL AND EVERYTHING IN BETWEEN

For decades Vizcaya has been the diplomatic seat of Miami-Dade County, having hosted some of the world's most renowned dignitaries, such as Queen Elizabeth II, Pope John Paul II, President Ronald Reagan, and King Juan Carlos I and Queen Sofia of Spain. Vizcaya has also been the setting of several major international events, including the Summit of the Americas, the signing of the Free Trade Agreement and activities associated with Art Basel Miami Beach.

Today, we host meetings and events on the fabled grounds of this National Historic Landmark and are proud to be the top choice of corporate event planners.
