Hist/Bio Note: In 1952, Dade County (now Miami-Dade County) acquired Vizcaya and its remaining property from Marion Deering McCormick and Barbara Deering Howe, James Deering's heirs. The property was placed under the jurisdiction of the Parks and Recreation Department. By spring 1953, Vizcaya opened as a public museum. In 2017, responsibility for the operation and management of the estate was passed to Vizcaya Museum and Gardens Trust Inc., a non-profit organization. The ownership of Vizcaya remains with Miami-Dade County.

Scope: This collection consists of architectural drawings, blueprints, and sketches for the upkeep and renovation of Vizcaya's main house, gardens, and village. The collection spans the time between Miami-Dade County ownership beginning in 1952 and the transition to Trust management in 2016. Included are plans for converting the property into a museum and creating access for the public. Examples include creating parking lots, building a ticket booth, and updating various buildings for new uses. Access to this collection is restricted.
